

## Useful tips during your stay

Contact the front desk for any need - your wish by phone, Viber etc and avoid personal contacts

Use electronic payment methods for each of your accommodation transactions and avoid cash payments

At each entrance to the reception area, stop at the antiseptic-disinfection station and disinfect your hands and luggage.

We recommend that you avoid staying in the common areas of the unit during your stay.

Follow the rules of operation of the restaurant area and pool.

The cleaning of your room is done only after your order. Update the slot for the time you want to clean it and leave it free for at least 5 hours.

Take care of the natural ventilation of your room for as long as possible

Avoid using air conditioning

if you want to change your towels, let the reception staff know and place the dirty towels in a special bag that you will find in your room and leave them outside the door. Outside your door you will find your clean towels in a special bag

If you wish to be served in your room. We will let you know the time of serving and you will find the tray outside the door of your room
